**Happy New Year Angel Church!** I can't believe the first month of the new year is almost over! We may feel things around us are flying by but just remember that Jesus is always near us.

Last month, Angel Church celebrated the wonderful season of Jesus Christ by creating wonderful arts and crafts for Christmas and decorating a tree in Angel Church with ornaments and lights. The most amazing part of all of it is to see how the majority of the children are learning about our Savior Jesus Christ and how they are able to share the good news of the Lord.

As I share this testimony from our own little Peyton Miller, just remember your time and talent in Angel Church does not go unnoticed. Her daycare provider lost her brother before Christmas. So needless to say, the provider's been pretty sad. The provider sent her mother a message and said that she started to cry again and Peyton came and gave her a hug and told her that "Jesus and God will help you" and then she started to pray! She said, "Jesus will keep you in His house and won't let you get in trouble". Way to go Peyton! Jesus is keeping you too! As we settle in the new year, just know everything we do can or will effect someone! Let's be a Blessing!
